Explanation of Prices in Bulk

To One Address

Prices for Stock Food, Poultry Powder and Worm Destroyer in bulk apply only to a shipment made at one time to one address.

To illustrate: If you order four 25-lb. sacks Stock Food shipped to 4 different persons we would charge you \$5.00 for them. If the 4 sacks went to 2 different addresses they would cost you \$4.60. If all were sent to one address at one time they would cost you only \$4.25.

Especially on the smaller packages, it is

generally best to have these articles shipped to yourself and deliver them personally to customers whenever you can.
